RIBARITSA HOTEL*

The picturesque village of Ribaritsa is laid at the foot of the Balkan Mountains, in the Teteven Balkan, 600 meters above sea level and 12 km from the town of Teteven. It is located on the banks of the Beli Vit River and its tributaries. The village is one of the entrances to the Central Balkan National Park. It enters the biosphere Reserve Tsarichina. Its unique atmosphere is created by the many scattered forks and houses sunken in greenery and flowers. The place donates not only peace and tranquility, but also an opportunity to feel the authentic Bulgarian nature.

From Ribaritsa the tourist trails lead southwest to the Boatin Reserve and southeast to the Kozyata Stena. The village of Ribaritsa is the starting point for Vezhen Hut, Benkovski Hut and Vasilyov Hut. 30 km from the village of Ribaritsa in the direction of Sofia is the Glozheni Monastery and the Saeva Dupka Cave.

It is a pleasure to take walks from Ribaritsa and to the Roman Bridge over the Kostina River. In the Kostina locality, not far from Ribaritsa, is the seat of Georgi Benkovski - a distinguished Bulgarian revolutionary. Every year on May 25, a celebration is held in the locality in memory of Benkovski, which includes a spectacular restoration of the tragic event.
